From

Deputy Commissioner,
Bangalore District.

To

T.E. Jayarama Iyer, Esq., B.A., B.L.,
Secretary to the Government of His Highness
the Maharaja of Mysore, Mysore Department.

Sir,

In submitting herewith the report ending with the Mysore Superintendent's Yadi No 2073 dated 15th December 1921, regarding the value of the lost articles in the Sri GanradhahareswaraSvami temple at Sivaganga, I have the honor to state that the value of the lost articles, as per register maintained in the temple is Rs.270-6-9 but according to present market value, it is estimated at Rs.432-8-6.

The enclosed list shows the names of several temple servants with their monthly salaries. The Sub-Division officer of Doddballapur Sub-Division, reports that out of Rs.432-8-6, one half may be recovered from the two watchmen who are primarily held responsible and the other half from the Parpathegar, the Shanbhogue and the Archak on duty in equal proportion. Of these persons, the parpathegar Mylaravva is reported to be absconding from 1st February 1921, the offence having taken place on 27th January 1920. Another person has been appointed in his place by the Mysore Superintendent.

I concur with the Sub-Division officer in his opinion with regard to the recovering of the value of the lost jewels etc, from the temple servants mentioned according to the book value of the articles.

I have the honor to be,
Sir,

Your most obedient servant,

D. Ramaswamiah

the Maharaja of Mysore, Mysraj Department.

Sir,

With reference to your letter No.4728/Muz.531-21-2 dated 28th February 1922, re the recovery of the value of the lost property in the Sri GangadhareswaraSwami temple at Sivanga, I have the honor to state that only the weight of the articles Nos.13 to 18 in the list are shown in the register and not their value. As the average rate of silver for other articles shown in the list is about 8 annas per tola, the value of these articles also is calculated at the same rate, which amounts to Rs.270-6-9.

As regards the ~~query~~ as to why the lost articles are proposed to be replaced at book price and not at the present market price, I have the honor to state that the quality of the lost metal being not known, the value of it as per accounts maintained is proposed to be recovered.

The connected records are herewith resubmitted.
